Incirlik switchboard common services

The Incirlik operator will assist customers with their dialing requirements as outlined below:

Government official business long distance commercial voice and fax calls – The caller must contact the squadron’s designated TCO who will issue a Telephone Control Number (TCN).

The caller must provide the TCO the information required on AF Form1072, (Authorized Long Distance Telephone Calls) and present the same to the Incirlik Operator after dialing “112”.

Note: When placing a fax call, advise the operator in order to receive a proper connection.

Official business defense switched network voice & fax calls – The caller must dial “0” and provide the operator with the telephone number to be dialed or the Installation, City, State or Country being called.
Note: When placing a fax call, advise the operator in order to receive a proper connection.

Official business 1-800 calls – The caller must dial “0” and provide the “800” telephone number to be dialed. The Incirlik operator will announce your number to the distant end DSN operator who will connect your call.

Note: Reoccurring official business calls made after normal working hours from residential lines, must be coordinated through the chief telephone operator at 676-6563.

Directory Assistance - Directory assistance is provided for all facilities on base, American occupied sites within Turkey, limited Incirlik/Adana local telephone numbers, and World Wide DSN access codes and telephone numbers. Individuals desiring this service must dial "113" if calling from on base or "316-1113" if dialing from an off-base telephone.

New arrival calls - Newly arrived personnel are authorized one 10-minute call after 1730 to let their family members know they have arrived safely in Turkey. These calls must be authorized by the squadron commander, section commander, or the first sergeant. The calls are routed in the same manner as a morale call. No cost may be incurred by the government. New arrival calls must be booked in advance through the Incirlik switchboard at 676-6620 by the authorizing official or designated representative (i.e. TCO).

Base Personnel Locator - The locator service contains only permanent party active duty members assigned to the 39th Air Base Wing and the information available will only be provided if the member has authorized its release. The inquiring party must dial 676-6289 and provide the operator with at least the member's last name and rank. Additional amplifying information will greatly assist the operator in fulfilling your request.

Sponsor calls - Designated sponsors are authorized to contact individuals who are expected to arrive in Turkey as their new duty station. These calls must be authorized by the squadron commander, section commander or first sergeant. The caller must obtain a TCN from the authorizing official and present it to the operator when placing the call. The call will be routed through the DSN whenever possible. The authorizing official or designated representative must book these calls in advance through the Incirlik switchboard at 676-6620 by (i.e. TCO).

Active duty patient calls - Active duty patients are authorized one 10-minute call per week in an effort to keep family members informed of their medical condition. The hospital's TCO must authorize these calls and issue a hospital TCN. The TCN must be presented to the operator when placing the call. The call will be placed using DSN whenever possible. These calls must be booked in advance through the Incirlik switchboard at 6-6620 by the authorizing official or designated representative (i.e. TCO).

Bank calls - Are for individuals whose squadron is aware of their serious financial difficulties. These calls must be authorized by the squadron commander, section commander, or first sergeant and will be processed after 2100 Monday through Friday and anytime on weekends. Individuals with accounts located in Europe or the Pacific area may place calls at any time. These calls must be either local, a 1-800 number, or collect and will be processed in the same manner as a morale call. No cost may be incurred by the government. These calls must be booked in advance through the Incirlik Switchboard at 676-6620 by the authorizing official or designated representative (i.e. TCO).

Health, morale and welfare calls - In accordance with AFI 33-111 and CJCSI 6215.01, all active duty members (military and DOD civilians) permanently assigned or extended temporary duty (over 14 days) to Incirlik AB are authorized to make HMW calls over the Defense Switched Network (DSN). All active duty members are allowed four calls per month, made only from the Incirlik (US) telephone system. Each individual call will not exceed 15 minutes. See the latest policy letter for current information.

Members may place morale calls Monday-Friday, 2100-0900, and weekends/US holidays and Wing Down Days, 0001-2400.

Calls may be placed through the Incirlik AB switchboard by dialing "114" (from on-base phones). The caller making the morale call must provide the operator with their name, last four digits of their sponsors social security number, the number they are calling from, and the base they are calling.

Morale calls must not incur a charge to the DOD. Calls that will incur a charge at the distant end must be placed as collect or on credit card calls. Members may not place morale calls from cellular phones.

The Incirlik operator will drop off the line once it is determined the call is successful, and will only re-enter if the call exceeds 15 minutes. The first time the operator re-enters the call, he/she will request the caller to "please terminate your call". The second time, the operator will terminate the call.

Health, morale and welfare calls are a privilege. Abuse may lead to loss of the privilege and disciplinary action. Members may place additional calls at their own expense by using personal calling cards or use commercial long distance. Calls may be denied depending on operational requirements at the time of the call. Questions or comments can be directed to the chief telephone operator at 676-6563.

Local and long distance calls - Local official or unofficial calls to Incirlik village or the Adana area may be placed through the Incirlik switchboard. However, if your telephone has this dialing capability please use it so that customers without this service can be assisted expeditiously. If placing a call from an on-base residence, dial "99 + the 7 digit number". If calling from a PTT telephone, just dial the 7-digit number.

Long distance unofficial commercial calls must be made from a residence telephone (Class-B1), a PTT pay telephone or an AT&T USA Direct booth. If you are placing a call from your residence, your telephone access must be programmed for long distance dialing. To place a call to another city outside of the Adana area, dial "99 + 0 the city code, and the 7-digit number". To place an international call, (outside of Turkey) dial 99 + 00 the country code, the city code or area code, and the telephone number.
